HÔPITAL VIRTUEL DE LORRAINE
 Campus Santé
 School of Surgery
 Building D - 2nd floor
 9, avenue de la forêt de Haye
 54500 VANDOEUVRE LES NANCY

TARGET PUBLIC

- Doctors of Dental Surgery, students enrolled in postgraduate dental surgery courses, and foreign students with equivalent training.
- Doctors of Science, Pharmacy and Veterinary Medicine, students in postgraduate scientific, pharmaceutical and veterinary programmes, and foreign students with equivalent training.
- Members of INSERM research teams working on experimental animal models, and foreign students with equivalent training.

GENERAL AND EDUCATIONAL OBJECTIVES

Training in the performance of various microsurgical techniques, at the same level of quality in a highly specialised medico-technical field, in order to enable participants to take responsibility for indication and performance of these diagnostic and therapeutic methods in the context of their public or private professional activity. The DIU delivers theoretical and practical instruction and covers all microsurgical techniques whose diagnostic and therapeutic usefulness has been demonstrated.
