# Dear Friends, Dear Colleagues,

**We are happy to invite you to the international scientific conference "7th NASCE/UEMS Scientific Meeting - Multidisciplinary Education and Training," which will be held at the Virtual Hospital of Lorraine in Nancy, France, from October 10 to October 13, 2023.**

It is essentially the European Conference on Continuing Education and Continuing Training of Physicians and Health Professionals focusing on Multidisciplinary and Interdisciplinary Education and Training.

NASCE (Network of Accredited Clinical Skills Centers of Europe) is a multidisciplinary joint committee (MJC) of the European Union of Medical Specialists (UEMS). The largest scientific organization in Europe, with over 1.6 million MDs. In addition, it has significant contacts with the European Institutions (Commission and Parliament), the other autonomous European Medical Organizations, and the European Medical / Scientific Societies.

The NASCE certified Train the Trainers Course, held from 10 to 11 October, will be followed by two days of scientific sessions (from 12 to 13 October). At this year's Conference, we are honored of inviting internationally acclaimed keynote speakers.

There will be ample opportunities for the participants to discuss, share, participate and engage in stimulating discussions at the various scientific and abstract sessions.

We are looking forward to meeting you and hope that the two-day training Course and Scientific Conference hosted by NASCE – UEMS will be a valuable experience for all participants.

Sincere gratitude is extended to our Sponsors for their support and scientific input.

Kind Regards

Assoc. Prof. M. Emin Aksoy  
NASCE Chairman

Prof. Nicola SETTEMBRE  
Head of Organizing Committee

## **COURSE**

### **Trainers:**

#### **Dara o’Keeffe**

National Surgical Training Centre, RCSI, Dublin, Ireland

#### **Dilek Kitapcioglu**

CASE, Acibadem Mehmet Ali Aydinlar University, Istanbul, Turkey

#### **Cecilia Escher**

Center for Advanced Medical Simulation and Training, Karolinska Institute, Stockholm, Sweden

**10:30 - 11:00**    **WELCOME & INTRODUCTION**

**11:00 - 12:00**    **Simulation Modalities**

**12:00 - 13:00**    **LUNCH BREAK**

**13:00 - 14:00**    **WORKSHOP 1**

Programming technical skills training by using task trainers within small groups according to specialties/professions.

**14:00 - 15:00**    **WORKSHOP 2**

Assessment of technical skills and non-technical skills in a simulated environment

**15:00 - 16:00**

Practicing teamwork scenarios by actively involving the participants as learners.
